We design, manufacture and market.

Seriousness, commitment, quality and service... loyalty to our customers.

TSB100 / A-100

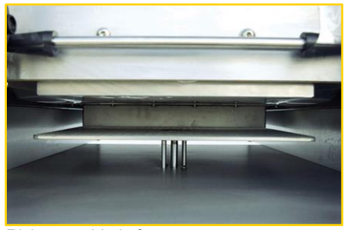

Semiautomatic tray sealer

Perimeter cut and seal. Entry and exit using the automated drawer in the TSB-A-100 or done manually in the TSB-100.

Automated system for excess film collection, controlled by a system taking maximum advantage of its use.

Rising mould platform

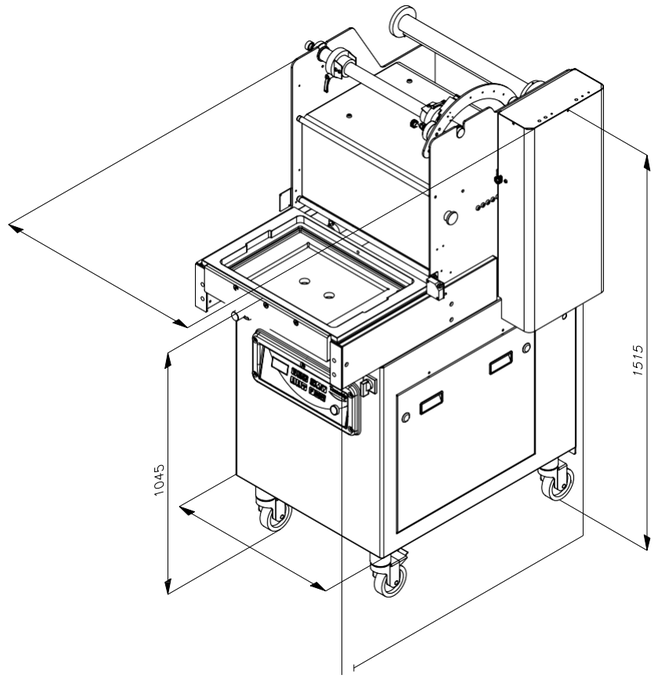

Two button activation for automated entry in the drawer. The exit is done automatically when the cicle is finished (convenient for cold product packaging).

Form's fast change command.

Control film step

Molds

1 cavity:
1x 320x260 mm
1/2 G

2 cavities:
2x 260x160 mm
1/4 G

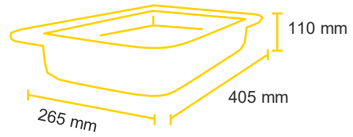

4 cavities:
4x 170x130 mm
1/8 G

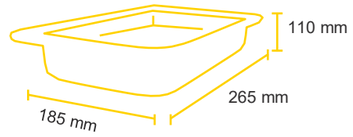

Posibility special molds

For preformed trays

Maximum tray dimensions
(Mold 1 cavity)

Maximum tray dimensions
(Mold 2 cavities)

Packaging programs

Gas

Semi-automatic vacuum (or without) tray sealer for preformed trays. Vacuum packaging with modified admosphere, for greater conservation, better presentation, as well as easy of storage and transport.
